**Friday, October 9, 2020**  
**Track Handicapper – Dave Brower**

**Race 1                      Selections                      4-3-7-6**

1	Pettycoat Business	No real threat here last week and she was in position. Will have to turn up the jets a bit to get any closer.
2	Rock Star Melinda	Tough to like a lot, coming off that miscue. Has five wins, but mostly as mini-fringe stakes player. Needs big one.
3	Real Rockin Ravi	Gave it an excellent try last week and it caught my eye. Proved she belongs here, but this is big step up!
4	Candy On The Beach	Drops out of a race behind the unbeaten monster, so that HAS to help. Prior wins were solid. The one to beat?
5	Flames Of Fire	First real start since September 6, so that's too much time off. Qualifier just okay. Looking like a longshot.
6	Keystone Eureka	She was overmatched up in Delaware and this is a lot more like it. Not in love with post, since she lacks zip speed.
7	Boundless Dragon	I see the one blast out in 26 and change, and she will have to leave in here too! They've aimed with her. Needs trip.

**Race 2                      Selections                      7-1-2-5                      Start of the 50-Cent Pick 5**

1	Dip Me Hanover	Loved her last week and Scotty Z almost stole it. A super try, though! Seeking revenge on #2. I hope she gets it!
2	Watayankee	Sometimes that Tetrick guy drives me nuts! What a perfect trip and drive to beat me last week. Will hope for same.
3	Jula Shes Magic	It's been a long season for her so far. Doesn't figure that it will turn around here.
4	Miss Kendra D	Dave M had her in the right spot last week, but she lacked that knockout kick. Likes this track, but lacks many wins.
5	Sheer Energy	It was nice to see her dig in and win last week. Handled the slight step up well. This may be even tougher. Your call?
6	Fashion Charmer	Didn't really fire in week one and that was disappointing. Drew outside this time and that never helps matters.
7	Julia C	She's the key to the race, because of that speed. Expect A Mac to send her. Has the talent to handle this, if primed.
8	Bluebird Keepsake	Definitely a "work in progress" for Team Wrenn. This post looks like a killer, especially with #7 likely sending.

**Race 3                      Selections                      7-5-1-2**

1	Marsala Hanover	For most of the mile, I thought she was going to steal it! Then #7 came alongside and just crushed. Second fiddle again?
2	Notorious Pink	Back from Canada and both tries here were good. Owns one good turn of speed and is awfully consistent. Must use.
3	Wicked Ways	Not exactly in great form right now, so she retains longshot status. Would need giant improvement.
4	Lady Midnight	Stalked in a good spot behind #1,7 last week and lacked the punch to get close. Joe B will have choice: send or wait?
5	Caviart Audrey	She's been awesome all season up to this point. "Inherited" the win in Canada via DQ. Must deal with Faith. Tough test.
6	Lindy At The Beach	Took a shot and fired out for position week one and it worked! She hit the ticket at long odds. Trying same thing?
7	Test Of Faith	Couldn't possibly have been more impressive in her Red Mile debut. I mean Wow!! Proved she can overcome post.

**Race 4 Selections 3-1-2-4**

1	Southwind Tyrion	The post just killed him last week, so don't be too hard on him. Barn had strong first week. Expect more from him today
2	Seven Nation Army	Got shuffled and finished sneaky good at end last week. Might take shot and send here for position. That would help.
3	Venerate	The winner of inaugural Mohawk Million has been great since day one! He's must the best of these from good post.
4	Cricket Fashion	Pretty consistent so far, and I always love that from the freshmen. Has plenty of speed to give Dexter options. Use!
5	Ambassador Hanover	Has he tailed off a bit? You can make that case. Will have to prove he can go a lot faster here. Not sure about that.
6	Ethan T Hanover	Interesting spot for Ethan. Hasn't shown much speed yet, and that won't help in this post. Very good try last week.
7	In Range	Extremely disappointing last week. Burned a lot of betting money. He's back in box, so hoping for big bounce back.

**Race 5 Selections 2-4-5-1**

1	Odds On Whitney	The post and layoff led to her no chance spot last week. Post is better, but is she ready? Good question.
2	Fire Start Hanover	Can't fault her effort in any way last week. DD put her in right spot and she measured off favored #5. Better post.
3	Continualou	After a slowish start, she never really got rolling. A hair inconsistent this season. Hard to like a lot today.
4	Jk Alwaysbalady	Actually raced pretty well in behind the killer last week, so credit for that. Can leave, IF YG wants. Take a shot!
5	Blue Diamond Eyes	Absolutely super in the sires stakes final. Outkicked by trip-sitting #2 last week. Really rounded into form nicely.
6	Thebeachiscalling	Hit the board in the PA final, so that's good! Chris gave her a few weeks after that tough series. Post is tough.
7	Let 'Er Buck	Kept up from the pole position start upon arrival. Good. But, now gets slammed with the bad post. Longshot.

**Race 6 Selections 1-8-6-3**

1	Thankful For You	Raced well both here and up in Delaware. The rail, and Tetrack are hard to ignore. Must be used on tickets.
2	Uncle Peters Love	The hobbles went on a while back and it's been a mixed bag since. I'll take good, long look at her on track.
3	Caviart Guilia	Seems like she tailed off. Forced to requalify and it wasn't bad. I make her a fringe player at 0-8 this year.
4	Tugboat Tuffy	Also coming out of a qualifier and it was good, but slow. Is he ready to trot in 54? I'm not so sure.
5	Shoshie Deo	Iron-tough gelding here. Not having a great season thus far in 2020, like most of us. Would need a big one.
6	Context	Takes the big class drop, which can always wake one up. Was 2-1 twice in conditions like this. Sears still on.
7	Tad Krazy Hanover	Sat in and towed along last week. Will have to find a much bigger kick, from a much tougher post. Tough call.
8	B Nicking	Sandy B's got a decent homebred here. Raced well in Dela and fought hard. I'm just not in love with the post.
9	Musclesandmascara	Gets second straight brutal post, so good luck from way out here again.
10	Getting Serious	Also getting class relief, but loses the inside post help. Will Roman send? I wish I knew. Not an easy spot.

**Race 7 Selections 6-5-1-3 Start of the \$30,000 Guaranteed Pk4 \$9,002 carryover**

1	Robert's Hanover	Awesome late kick to beat the lesser group. This is a monster class hike, but at least he has the rail. Sits, stalks.
2	Swingforthefences	That really wasn't a bad try here last week, vs. #6. I don't think he can win, but he could hit the ticket with trip.
3	Jack Fire	Another that raced very well upon arrival. Will have to deal with both #5,6, but has a slight post edge. Sends?
4	Johan Palema	Plan B entrant for the barn. Love the speed he offered last week. Might be in better stalking spot today. Usable.
5	Cuatro De Julio	Great story! Nice horse too! IF he trots leaving the gate, he could give #6 fits. These two stand out. Must trot!
6	Delayed Hanover	As I said on-air, I've loved this guy since I first saw him. He could be the real deal. Will have to get around #5.
7	Sonofamistery	Disappointed big-time with the mistake early. Now he draws outside the main foes. I'm probably going against.
8	Winning Ticket	Fought tenaciously to hold on up in Delaware. Got extra week off. Get slammed with worst post. Won't be easy.

**Race 8 Selections 3-6-2-7**

1	Wawawhat	Todd M put the gelding in a good spot last week, but they lacked a needed rally. Same post. Needs lot more.
2	Six Day Wars	Was just fair in that non-bettor before the card last week. Big upset before that. Which horse show up today?
3	Fashion Hill	Ignore this barn at your own risk. Plus, this was Dexter's choice! All systems say go. Will be the one to catch.
4	Isowantapetrock	Finally gets a little break from the post gods. Is capable of a nice kick at times. A good flow would aid the cause.
5	Swinging Jenny	Local sort has bounced up and down the class ladder. Is this too tough? I think the answer might be yes.
6	Native's Sweetlou	Got rolling with a great late kick, and that came off a sick scratch. Still seeking first win of season. Your call?
7	Full On Rocknroll	Another sufferer of the post position blues. Regular driver might take shot and send in here. I would.
8	Pj's Legacy	Strong qualifier! Choked down on Super Night, which is unfortunate. She's got talent, but also a very bad post.
9	Trip Aces Hanover	Rolled along at a very quick clip for Yannick last time. Moves back to bad post. It's time to give one from behind.
10	Straight Munro	Will be coming from far, far back. So, if you fancy, I will just wish you good luck.

**Race 9 Selections 3-1-5-7**

1	Moonstone S	Trotted faster than he ever had last week, and it was only good enough for third. Better post gives pilot options.
2	Zenith Stride	No real threat at a medium longshot price last week. Will have to turn up the jets substantially to get closer.
3	Locatelli	The post just killed him in last. Don't be too hard on him. I was impressed by the effort. One to beat now.
4	Sevenshadesofgrey	The hobbles recently went on, but I just haven't seen enough to make me want to bet. Not for me just yet.
5	Fly Light	Super try last week, and was an unlucky second. It was huge bounce back effort. Expect that same speed again.
6	Unwritten Chapter	Already 0-7 this year. Not great. Lacks speed. Stuck outside. Might need a dream trip to threaten late.
7	Magical Muscle Man	One of the keys to this race, because he does have a turn of speed. Has yet to hit the board as a freshman.
8	Jula Muscle Pack	Those KYSS starts would put him in play. They thought enough to send to Canada. I just HATE this post for him.

**Race 10 Selections 4-3-2-7**

1	Kanokie Chrome	Not a whole lot going on in this corner lately, so he retains longshot status, even from the pole.
2	Jax Reddy	Hit the board in this race last week, so that's a good thing when you're 36-1. Gets better post and A Mac back.
3	Caviart Emma	Bouncing up and down the class ladder. Last try at this level was solid. Just don't expect to get rich with Dexter on.
4	Light Blue Memories	Ake gave him every chance last week, despite that outside post. Horse raced great! Can he beat the mare? Maybe.
5	Jelectric	0-16 so far this year and seemed to be tailing off before the scratch. That's not my kind of angle to bet.
6	Hotsprings Volo	Hasn't lived up to her pedigree so far, so that's a problem. Even lacked much kick when lowered to this level.
7	Cover Girl	Finds her way back to KY after an improved effort despite a break. Is she getting sharp? Will need some speed today.
8	World On Fire	Sears sent him last time and they picked up a check. Not bad. This is much tougher post. How easy will trip be? Not.
9	Twice The Fool	Drew post 10 last week. Draws post 9 today. That's not fair! And he was flat last week. Not easy to like a lot.
10	Samis Rolin Stone	Dewayne took a shot and attacked first over in week one. She got tired. I don't know what he can try from this slot.

**Race 11 Selections 4-1-2-6**

1	Pristine Beauty	Homebred continues to fight the good fight. She's got that immaculate pedigree. Will still have to step it up more.
2	Party Whip	Used up in that early pace battle week one. Okay. Might change the strategy here. Sit and stalk? I'd like to see that.
3	Demi Ivy	Not a whole lot going on here, so I can't recommend even from the much better post. Needs major wakeup call.
4	Uncle Si	That was a real tough trip from post 10 last out and note that he still held for a check. Nice! Better journey now.
5	Senior Market	Tough to get very excited looking at that recent form. Just looks like a longshot again.
6	Saint Albray	How does that class level at Hoosier translate here? It had to be much tougher. Eligible to show a LOT more here
7	Heyhey Mahanah	Gave her a square chance last week and she folded up on the lead. Yes, fractions were fast, but still. I'm off her boat.
8	King Lou E	I remember seeing King Louie at the Campbell House years ago! This gelding will need dream trip to threaten.
9	Indian Creek Kyla	This is probably the right level for her, but not the right post. Owns little early speed. That's a problem in post 9.
10	Dragon Fever	10YO gets needed class relief, but not the post to go along with it. I don't think this will work out too well.
